

REMARKS

The indicated allowance of claims 14-16 is noted, with thanks. Also noted with thanks is the indicated allowability over the art of claims 5, 12-16 and 20-22. While it is believed that the art rejection is not well founded, in order to expedite prosecution and allowance of the subject application, Applicants have amended the claims essentially to incorporate the allowed claims and subject matter indicated to be allowable by the Examiner as follows:

New claim 23 comprises in large part to claim 5 re-written in independent form. New claim 25 essentially comprises claim 12 re-written in independent form. Claim 26 essentially comprises the subject matter of claim 13. New claim 24 has been added to further scope claim 23, while new claims 27-33 have been added to further scope claim 25. And, new claims 34-43 have been added to further scope claim 20.

Since the presented claims essentially comprise claims allowed or indicated to be allowable or new claims dependent on claims allowed or indicated to be allowable, it is believed no specific discussion of the art rejection is necessary.

Having dealt with all the objections raised by the Examiner, the Application is believed to be in order for allowance. Early and favorable action are respectfully requested.

Form PTO-2038 in the amount of \$54.00 is enclosed for added claim fees.

In the event there are any fee deficiencies or additional fees are payable, please charge them (or credit any overpayment) to our Deposit Account Number 08-1391.

Respectfully submitted,
